- 11703 helicopter flights/year
- 1412 gliders/year
- 231 jumps/year
- a team with 9 people
- usually 6.30–22.00

with you, all the way.

www.skyguide.ch/future
Nestled idyllically in the heart of the Alps, Sion International Airport lies close to some of the finest world-class ski resorts including Crans-Montana, Zermatt, Nendaz, Veysonnaz, Verbier, Saas-Fee, Montreux, Gstaad.

Sion Airport is also an excellent option for escaping the traffic at other busy airports and offers the additional benefit of passenger transfers by helicopter to major events such as the WEF in Davos and the Montreux Jazz Festival.

Equipped with a complete infrastructure, Sion Airport is able to offer regular air links, as well as business and leisure flights.

It also hosts a wide range of activities involving planes and helicopters such as leisure flights, flying schools, gliding, parachuting, heli-skiing, transportation of equipment and aerial fertilisation by helicopter.

We look forward to welcoming you soon. Please do not hesitate to contact us for more information.
